Testimonial: Nick Burke, CSIRO Victoria

“I’m a Union member because I know our collective voice is louder than any individual’s and I would be regardless of any other benefits, but I’m happy to make the most of some of the offers available to members.

“Many years ago when I was looking to buy a car I contacted Member Advantage, told them what I was looking for and a couple of days later they rang me back with the best price they could find, which happened to be the best price I could find. That five minute phone call saved me around $3000.

“More recently, I have been using e-gift cards to purchase groceries and fuel. There is a 3-5% discount on all purchases made with e-gift cards bought through the Member Advantage program. It takes about 5 minutes to organise a card, which is emailed to you when it’s ready, and the discounts run into the hundreds of dollars a year.”
