

# Keep safe Stay connected

# Join CSIRO Staff

From the beginning of the coronavirus pandemic, the Staff Association has worked constructively with CSIRO Executive to secure the organisation's workforce response.

The Staff Association's COVID-19 approach is guided by three key principles:

- The health and safety of CSIRO staff is paramount
- Financial disadvantage is minimised through access to leave options
- Staff are consulted and represented throughout.

Many more challenges lay ahead as staff gradually return to workplaces.

There's never been a more important time to keep safe and stay connected.

For more information on our COVID-19 workforce response, visit [www.csirostaff.org.au/resources/covid-19-information](http://www.csirostaff.org.au/resources/covid-19-information)
