**Testimonial:** Nick Burke, CSIRO Victoria

“I’m a Union member because I know our collective voice is louder than any individual’s and I would be regardless of any other benefits, but I’m happy to make the most of some of the offers available to members.

“Many years ago when I was looking to buy a car I contacted Member Advantage, told them what I was looking for and a couple of days later they rang me back with the best price they could find, which happened to be the best price I could find. That five minute phone call saved me around \$3000.

“More recently, I have been using e-gift cards to purchase groceries and fuel. There is a 3-5% discount on all purchases made with e-gift cards bought through the Member Advantage program. It takes about 5 minutes to organise a card, which is emailed to you when it’s ready, and the discounts run into the hundreds of dollars a year.”

**John Little (study) Scholarships** support members who are undertaking study leading to the award of a formal qualification, and who are classified up to CSOF Level 3 Max in CSIRO.

The scholarships are **\$1,000 each** and assist with the costs of study related expenses, including course fees and materials. Up to three scholarships are awarded each year.

**Women in Science Careers Scholarships** support the professional development of women in science careers at CSIRO by providing vertical networking opportunities, shadowing senior role models and/or mentoring programs.

The scholarships are to assist with the costs of travel, accommodation and sundry expenses. **Up to \$3,000** is awarded each year.

Eligibility rules apply. For more information visit [csirostaff.org.au/resources/scholarships-awards](https://csirostaff.org.au/resources/scholarships-awards)
